UNITED STATES CIVIL SERVICE COMMISSION
Office of the Executive Director
Interagency Advisory Group
Washington 25, D. C.

December 16, 1964

TO: Directors of Personnel

FROM: O. Glenn Stahl
Executive Vice-Chairman
Interagency Advisory Group

SUBJECT: Report on Whitten Amendment Ceiling

The attached report of the Interagency Committee on Whitten Amendment Ceiling is being distributed so that any personnel directors who have further advice or reaction to the proposal made by this committee can express themselves to the Civil Service Commission before final policy decision is made.

If, after studying the attached report, you wish to write or call in any comments, please do so within the next few days. Calls should be directed to Dr. Katherine A. Frederic of the Regulations and Instructions Division, Code 141, Extension 4950. If you believe that a special meeting of the Interagency Advisory Group is necessary before Christmas to discuss this subject further, please advise us as soon as possible. It is our assumption that such a meeting will not be necessary, because it appears that the plan in the report will be generally acceptable.

It is the hope of the Commission staff to have Commission action on this policy by the end of December.

Attachment.
